WHEREAS, Section 17.08.040 of the City's Zoning Code provides and requires that all applications for exceptions to the City's Zoning Code shall be filed with the City Clerk and forwarded by the City Clerk to the City's Zoning Board of Appeals for public hearing, following publication of the required notice of hearing in a newspaper published in the City;

WHEREAS, a public hearing with regard to the CLM zoning exception application was held before the Columbia, Illinois Zoning Board of Appeals on September 3, 2014, following the publication of the required notice of hearing in compliance with the City's Zoning Code requirement and the City's Zoning Board of Appeals has recommended that the requested exceptions to the uses allowed on their C-3 (Highway Business District) be granted;

WHEREAS, Subsection 17.08.050(A) of the City's Zoning Code provides and requires that when by reason of exceptional topographical conditions or other extraordinary or exceptional situation or condition of a specific piece of property, which condition is not generally prevalent in the area, the strict application of the width of parking space being ten (10) feet requirement would result in peculiar and exceptional practical difficulties or exceptional and undue hardship upon the owner of such property, the City Council shall be empowered to authorize on application in regard to such property, a variance from such zoning district regulation so as to relieve such difficulty or hardship;

WHEREAS, Subsection 17.08.050(C) of the City's Zoning Code provides and requires that in the City Council's consideration of all applications for Zoning Code variances, the City Council shall, before making any finding in a specific case, first determine that the proposed change will not constitute a change, including a variation in use, in the district map and will not impair an adequate supply of light and air to adjacent property, or increase congestion in public streets or increase the danger of fire, or materially diminish, or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals and welfare of the City;

WHEREAS, Subsection 17.08.050(C) of the City's Zoning Code further provides and requires that every variance granted shall be granted by ordinance and that the ordinance granting the variance shall include a written finding of fact based upon testimony and evidence, specifying the reason for granting or denying the variance and the decision of the City Council shall be made a part of any building permit for which a variance is allowed;

WHEREAS, Subsection 17.08.050(D) of the City's Zoning Code provides and requires that the concurring vote of a majority of the Mayor and the City Aldermen holding office shall be required for the granting of a variance from strict application with the City's Zoning Code where the Zoning Board has recommended approval of the granting of the variance; and,

WHEREAS, the City Council of the City has found and determined and does hereby declare that it is necessary and appropriate that allowing Call Centers, Colleges or Universities, Construction Contractor's Offices (without shops or material yard), day cares or nurseries for children or adults, hospitals, multiple family dwellings in conjunction with office use up to 30% of building, and drive through for pharmacy as permitted uses on their C-3 (Highway Business District) property requested by CLM be granted by this Ordinance.

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Columbia, Illinois, as follows:

**Section 1.** The recitals contained above in the preamble of this Ordinance are hereby incorporated herein by reference, the same as if set forth in this Section of this Ordinance verbatim, as findings of the City Council of the City of Columbia, Illinois.

**Section 2.** The City's City Council has found and determined and does hereby declare that the proposed variance will not constitute a change, including a variation in use, in the City's district map and will not impair an adequate supply of light and air to adjacent property, or increase congestion in public streets or increase the danger of fire, or materially diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals and welfare of the City. Further, the City Council of the City has found and determined that, based upon testimony and evidence presented at the public hearing before the City's Zoning Board of Appeals, the requested Zoning Code variance should be granted based upon the following facts:

(A) The proposed construction will not diminish the appearance of the property and will not adversely affect any adjoining or proximately located property or property owner.

(B) Allowing Call Centers, Colleges or Universities, Construction Contractor's Offices (without shops or material yard), day cares or nurseries for children or adults, hospitals, multiple family dwellings in conjunction with office use up to 30% of building, and drive through for pharmacy as permitted uses will allow the highest and best use of the property.

(C) The property owners who own property adjoining or located proximate to the subject property in the neighborhood have not objected to the requested variance.

(D) Requiring strict application of the uses allowed on the C-3 (Highway Business District) property in the City for the applicant would result in a peculiar and exceptional practical difficulty for him and would create exceptional and undue hardship for him and the community; whereas allowing Call Centers, Colleges or Universities, Construction Contractor's Offices (without shops or material yard), day cares or nurseries for children or adults, hospitals, multiple family dwellings in conjunction with office use up to 30% of building, and drive through for pharmacy as permitted uses will allow the highest and best use of the property.

**Section 3.** Allowing Call Centers, Colleges or Universities, Construction Contractor's Offices (without shops or material yard), day cares or nurseries for children or adults, hospitals, multiple family dwellings in conjunction with office use up to 30% of building, and drive through for pharmacy as permitted uses is hereby granted.

**Section 4.** The City's Building Inspector is directed to attach a copy of this Ordinance to the building permit to be issued to the CLM in connection with the authorization to construct buildings on property having the assigned address of 247 W.
