## WINTER

# 2014

As we near the end of 2014, I would like to express my sincere gratitude to the City of Columbia employees, council members, as well as our commission and committee members for all they do for the City of Columbia. I would also like to give a big thanks to our civic organizations and churches that volunteer their time and energy toward our city. We have a winning combination that has put us on the map as a great place to live and raise a family. Our list of special events throughout the year continues to grow — so many great family activities. Don't forget to take the kids to visit Santa at the Welcome Center! Our retailers and restaurants have so many options for your Christmas gift list and holiday needs. Please remember to shop local.

If the wooly worm and persimmon predictions are correct, we will be in for an interesting winter, but our DOPW guys are ready to take care of our streets. Please drive safe!

Wishing you all a very Merry Christmas and a Happy & Healthy New Year!

Mayor Kevin Hutchinson

## DISTRACTED DRIVING

Studies have shown that distracted driving is an increasing problem on the roadways throughout the nation. During traffic crash investigations in Columbia, our officers are finding distracted driving is becoming much more prevalent as a contributing factor to traffic crashes. Illinois has enacted a law effective January 2014, that attempts to deter drivers from operating a vehicle while distracted by electronic communication devices.

“Electronic communication device” means an electronic device, including but not limited to a hand-held wireless telephone, hand-held personal digital assistant, or a portable or mobile computer, but does not include a global positioning system or navigation system or a device that is physically or electronically integrated into the motor vehicle.

The new law has several exemptions with one being a driver using an electronic communication device in hands free or voice operated mode which may include the use of a headset. We encourage everyone to read the entire new law by researching “625 ILCS 5/12-610.2”

In order to combat the problem our officers are conducting “Distracted Driving Initiatives” looking for offenders in areas identified by a higher concentration of traffic crashes.

## FAREWELL TO RON WILLIAMS — CITY ENGINEER / PUBLIC WORKS DIRECTOR

City Engineer and Public Works Director Ron Williams is resigning from his employment with the City of Columbia effective December 5.

“It is with deepest regret that I am tendering my resignation from the Office of City Engineer and the position of Public Works Director,” stated Williams in a letter addressed to Mayor Kevin Hutchinson. “I have accepted the position of County Engineer for the County of Franklin, Missouri.”

Williams, who resides with his wife in Franklin County, Missouri, expressed a desire to be closer to home. He has served as Columbia’s City Engineer and Public Works Director since 2006. Prior to arriving in Columbia, he was City Engineer and Public Works Director for the City of Sunset Hills, Missouri, for 11 years.

For the past 8 years, Ron has been integral to the community’s growth and ensuring proper maintenance of the City’s infrastructure. He also played an important role in the expansion of our park facilities. “His professionalism and expertise will be missed, but we wish him the best of luck in his new position” said Mayor Hutchinson.

The City has not yet determined a time frame on filling Williams’ position, but it is likely that a permanent replacement will be hired sometime next year.

Mayor Hutchinson noted that he will be working closely with the City Council and City Administrator to determine our next step; stating “we have very capable staff who will ensure things run smoothly during this transition period.”
